

Kodály Australia Conference 2020 Canberra 28 Sep – 01 Oct

## Information for Conference Delegates: Musicianship Levels

The following information is a guide to help you select the appropriate musicianship level.

All conference delegates will take part in daily musicianship classes (9.25 – 10.25am) during the conference. These sessions provide intensive skill development in aural musicianship as well as theoretical components of music.

To gain the most benefit from these sessions it is important you select a level appropriate to your current music experience and background.

You may find it difficult to select the right level if this conference is your first experience of “Kodály”. The following information is intended to support your selection and placement into the appropriate musicianship class level. However, if after reading the information you still have questions regarding which level is right for you, please contact us before the conference via email at [nationalconference@kodaly.org.au](mailto:nationalconference@kodaly.org.au)

Before choosing your musicianship level we recommend the following:

- If this is your first **Kodály** training experience and you have an undergraduate qualification in music and/or music education, you are **strongly recommended** to enrol in Musicianship **Level 4**
- If you have previously completed musicianship as part of the AKC course, you are **strongly recommended** to select the next level (for example, if you completed Level 5, then we recommend you select Level 6 for the conference)

Please note that the content of each level within the AKC course and the National Conference musicianship is identical.

### Tips for selecting the appropriate musicianship class level:

- You are passionate and interested in music, love to sing but have had not opportunities for formal training in aural skills and/or music theory. **Please select Musicianship Level 1**
